

Under the Government's Prompt Payment Policy, it is now a requirement for public sector bodies including local authorities to publish annual payment performance data. This consists of; Percentage of invoices paid within 30 days; The amount of interest paid to suppliers due to late payment; and the amount of interest the local authority was liable to pay i.e. whether paid or not.

2019-20	96%	0.00	£3,967.12

* Please note that not all disputed invoices are identifiable within the data set and therefore the total amount liable could be lower than stated.
